

Epson EB-X11

DATASHEET / BROCHURE

A high-quality XGA projector that has everything needed to create engaging classroom presentations, plus smart features for easy set-up.

Make your budget go further with this affordable education projector that delivers high-quality images. Packed with user-friendly features, it is straightforward to set up and use, allowing you to focus on teaching.

Value for money: This affordable projector has many features usually found on more expensive models, so schools can enhance classroom experiences with high-quality presentations without breaking the budget. It is compact and lightweight with a modern design, and offers the flexibility of both installation and mobile use. The direct power on/off feature enables the projector to be activated without pressing the power button while the tailor-made ELPMB23 optional ceiling mount makes installation quick and simple. A long lamp life of 5,000 hours* keeps running costs low.

User-friendly: With Epson's 3-in-1 USB Display feature, one cable is all you need for picture, sound and page up/down control. With the PC-free feature, still photos can be presented directly from a USB stick. Aligning the picture is quick and easy with automatic vertical keystone correction and an innovative horizontal keystone slider that's unique to Epson.

High-quality picture: Epson's 3LCD projector engine delivers the natural, accurate colour that's essential for education, so maps, flags and art look true-to-life. With equally high White and Colour Light Output of 2,600 lumens, and 3000:1 contrast ratio, you can achieve a vivid, sharp image.

Engaging: Capture the attention of your class by directly plugging in the optional ELPDC06 USB Visualiser to give a close-up view of 3D objects - perfect for classroom demonstrations.

*eco mode

KEY FEATURES

- **Very bright output**
2,600 lumens White and Colour Light Output
- **Sharp detail**
3,000:1 contrast ratio
- **Easy set-up**
Keystone adjustment
- **PC-free**
Present images from USB devices
