Epson **EB-X14**

HᴅMI | 3000 lm | PC free | USB
kg 2.3 | XGA | 3-in-1 USB display

Deliver engaging, high-quality business presentations with this easy-to-use XGA projector that comes with a range of smart features.

Make your budget go further with this XGA projector that delivers a super-bright picture. Suitable for installation and mobile use, a series of user-friendly features make the EB-X14 easy to set up and use.

High-quality picture: Amaze your audience with the very high White and Colour Light Output of 3,000 lumens. This enables you to present even in a bright room and the 3000:1contrast ratio guarantees sharp detail. This projector is straightforward to set up and use, allowing you to focus on delivering first-class business presentations.

User-friendly: Aligning the picture is quick and easy with automatic vertical keystone correction and an innovative horizontal keystone slider that's unique to Epson. The horizontal keystone slider is an innovative and intuitive new design feature from Epson, making it easy to adjust images to the correct shape when the projector is placed at an angle to the screen. With Epson's 3-in-1 USB Display feature, one cable is all you need for picture, sound and page up/down control. With the PC-free feature, still photos can be presented directly from a USB stick.

Engaging: Capture the attention of your audience by plugging in the optional ELPDC06 USB Visualiser to give a close-up view of documents and 3D objects, eliminating the need for photocopies. The HDMI input lets you display high-definition content, while a built-in 2W speaker ensures audio is delivered with clarity.

Value for money: This affordable projector has many features usually found on more expensive models, so businesses can deliver first-class presentations without breaking the budget. A long lamp life of 5,000 hours* keeps running costs low.

Versatile: The projector is compact and lightweight with a modern design, and offers the flexibility of both installation and mobile use. Weighing in at only 2.3kg, it's light enough to carry between meeting rooms with the included carrying bag.

*eco mode

KEY FEATURES
